

Baros Maldives - Maldives

Baros Maldives is a resort that captures the very essence of The Maldives, offering understated elegance with a sense of authenticity, value and local culture. A lush, tropical island set in the shimmering waters of a shallow lagoon in North Malé Atoll, ringed by a reef alive with marine life.

Just 25 minutes from the airport by speedboat, the Baros Maldives is surrounded by nature on this small island where warm azure waters, a colourful coral reef and magnificent diving are close to a secluded white-gold beach.

Sandy trails lead through lush tropical gardens to the resort's 75 thatched villas. Furnished with exquisite luxury, the villas are beautifully crafted from timber and sandstone, perched over translucent waters or nestled naturally among exotic flowers by the beach.

Each villa has a wine chiller, a mini-bar, an espresso machine as well as tea making facilities. All have Internet access. Five villas have their own beachside plunge pool while the Residence has a private garden pool.

The inspired design is complemented by the finest cuisine and wines presented with caring, dedicated service. The iconic Lighthouse Restaurant is poised above the waves and with the Lime Restaurant, Cayenne Grill, Teppanyaki and Satay and Sails Bar close by the palm groves, Baros Maldives caters for every culinary desire. For complete rejuvenation, the Spa at Baros features the finest botanical therapies.
