

Bintan Lagoon Resort - Singapore

Just 55 minutes from Singapore, Bintan Lagoon Resort offers the perfect getaway from the stresses of urban living. Situated on Bintan Island, part of the Riau Archipelago of Indonesia, it is the ideal sanctuary to rejuvenate mind, body and soul, with lush greenery, sandy white beaches and sparkling blue waters.

Overlooking the South China Sea, Bintan Lagoon Resort offers 473 well-appointed rooms, suites and villas. Divided into Superior, Deluxe Garden Terrace and Deluxe Sea Facing categories, the 395 guestrooms have recently been given a facelift as part of the resort's \$AU13 million upgrading project.

Among the key new features is a flat-screen TV, modern Indonesian designer teak furniture and bathrooms with Bravat designer baths and fittings. All guestrooms have balconies facing either the two-kilometre long private beach or the lush green landscape of the woodlands.

For a more indulgent escape, opt for the resort's suites that offer separate living areas and a view of the South China Sea. Couples will appreciate the four-poster bed that lends an air of romance to the Floral Suite, along with a jacuzzi spa bath overlooking a private sun deck. Or be treated like royalty in the sprawling Indraloka Suite.

Complementing the accommodation are its dining options. Kopi-0 offers buffet and à la carte options featuring authentic Asian and Western cuisine. Miyako and Orzo serve Japanese and Mediterranean delights respectively while 3 Degrees Signature Restaurant is right on the beach.

The resort also features two swimming pools and two golf courses - Jack Nicklaus Sea View Course and Ian Baker-Finch Woodlands Course.
