

Discovery Shores Boracay - Philippines

One of the greatest luxuries in life is a ‘staycation’ – simply having the time to rest and relax. Your every wish is granted at Discovery Shores Boracay. All that you need is within arm’s reach or a short walk to your very own private space.

Less than an hour by plane from Manila, Boracay Island is a tropical paradise located in the Visayan region of the Philippines. It remains one of the top ten beaches of the world according to CNN and Condé Nast Traveller.

Perfectly located along a stunning white sand beach, Discovery Shores Boracay gives you every chance to rest, reflect, enjoy and explore at your own pace.

Witness a sunrise by the sea, indulge in rejuvenating therapies at the spa, discover the island on a *paraw* or native outrigger sailboat, or try new aqua adventures and water sports. The options are endless.

As is the shopping. Boracay is a shopping Mecca, with vendors combing the beach and stalls lining the walkways, peddling anything from souvenirs, pearls, accessories and even faux driftwood sculptures to not-so-miniature boats.

Wine and dine in style at Indigo Restaurant before discovering Boracay’s thriving nightlife where you can party like a rock star. And on the way home, discover the best light show on earth: no two sunsets are the same in Boracay.

Guests can help protect the island’s future and fragile ecology by joining a beach clean up or tree-planting activities.
