

Eskaya Beach Resort & Spa - Philippines

Clear sunny skies, stunning sea views, lush tropical gardens, luxurious villas, a private beach, romantic seclusion and personalised service. These are just some of the many attractions for guests at Eskaya Beach Resort & Spa, a five-star boutique resort located on Panglao Island, Bohol, one of the most picturesque parts of the Philippines.

Eskaya Beach Resort & Spa is an exclusive and serene beach hideaway where indulgence is the norm for guests of its 15 villas located amid 16 hectares of lush tropical gardens.

The atmosphere is incredibly serene with cool villas, breathtaking sea views and discreet but attentive staff. Feel the gentle sea breeze as you relax in your private whirlpool and plan where to have dinner: by the infinity pool, on the beach or in the privacy of your villa. A personal butler will help devise your unique menu.

The Handuraw Spa sits on top of a cliff and is composed of two huge treatment rooms and infinity pools. Guests can enjoy the unforgettable sea view while indulging in their favourite massage treatments from Filipino and Asian spa offerings that use a combination of music and touch therapy.

Untouched nature is the star here. Aside from the private beach, experience the incredible diversity of coral and marine life on a spectacular dive. Alternatively, cruise Bohol's Loboc River and discover the mysterious Chocolate Hills and encounter the unique and delightful tarsier, one of the world's smallest primates.
