

## Grand Hyatt Bali - Indonesia

Grand Hyatt Bali is the crown jewel of resorts in Nusa Dua, set amidst cascading waterfalls and tranquil lagoons, traversing 16 hectares of lush tropical gardens. The water palace themed property has 648 guestrooms, in low-rise Balinese style buildings, designed to exude harmony with the beautiful environment.

The newly renovated guestrooms were aesthetically conceived to maximize warm earth tones throughout their living spaces. There's a range of accommodation to select from - 17 Grand Executive suites, 16 Grand suites, three Ambassador suites, one beachfront suite, two Presidential suites and two Deluxe Villas. Most rooms have private balconies or gardens and each one provides guests with unrivalled facilities near the famous 650-metre white sandy beach, which makes it one of the longest and widest beachfront hotels in Bali.

There are dynamic facilities for meetings following the launch of the new Grand Ballroom. The resort can accommodate up to 1,420 people in one hotel, making Grand Hyatt Bali the ideal destination for all types of meetings and incentives.

After a busy day of recreational activities or business meetings, make sure to book in with the blissful Kriya Spa, a wellness sanctuary offering travellers an authentic Balinese healing experience. There are 24 luxurious spa villas for treatments that will pamper the mind and body with the best of ancient and modern techniques.

There is a supervised Camp Nusa for children, and the resort is just a short distance from Bali Golf & Country Club, Sanur, Kuta and Denpasar.
