

## Hilton Lake Taupo - New Zealand

Hilton Lake Taupo is a magnificent hotel in one of New Zealand's most enviable natural locations, where the beauty of the country's largest lake rubs shoulders with a rich cultural heritage. Whether you're looking for adventure, a well deserved rest or to enjoy a very special event, this stunning venue with serene adjoining gardens is the place to choose.

From a spectacular vantage point, the iconic 1889 building and main modern complex command views over shimmering Lake Taupo to majestic mountains and beyond. Today the hotel combines Victorian grandeur with contemporary comfort and amenities and is an ideal place to relax, indulge, reconnect and celebrate.

The style and function of the 113 guest rooms blend harmoniously. Accommodation includes Hilton Guest Rooms, the grand Presidential Suite and One and Three Bedroom Apartments.

The hotel is a stone's throw from the centre of Taupo and the site of the Ironman NZ event. For the adventurous, there's trekking, trout fishing, skydiving, championship golf, tennis, and skiing at Mt Ruapehu an hour and a half away. But if you just want to relax, there is a heated outdoor pool, sauna, steam room or spa pool.

Taupo's premier dining destination Bistro Lago is most certainly a room with a view. Relax by the roaring open fire in winter or enjoy the summer vista from the expansive veranda. The superb menu is created by master chef Simon Gault.

Be prepared for an extraordinary experience at Hilton Lake Taupo - an outstanding location, a breathtaking panorama, exceptional service, an intimate ambience and contemporary luxury of the highest standard.
