

## Iririki Island Resort & Spa - Vanuatu

Iririki Island Resort & Spa is a stunning, four star, 27 hectare resort with verdant tropical gardens, a private beach and great snorkeling in the crystal clear waters of Vanuatu.

Only minutes from Port Vila, the property has been conceived as the ultimate romantic private escape.

Iririki Island Resort & Spa offers two styles of accommodation, across more than 130 guest rooms, with a variety of views - garden, harbour and waterfront. There are adult-only Melanesian-style tropical island bungalows or alternatively, guests can choose to stay at one of the spacious and contemporary penthouse-style family apartment rooms at Iririki Snorkelers Cove.

Check-in takes place at the wharf's reception and motorised buggies are available for transportation around the island. There is a wedding co-ordinator on site for couples seeking a unique celebration of their commitment to each other at the exquisite location.

The resort has a multitude of drinking and dining options - four bars and four restaurants - and a range of activities to partake in. There are two swimming pools, tennis courts, a day spa, a gym, a games room (including table tennis), and a water activities centre. The lagoon pool contains rock pools, waterfalls, and a swim-up bar for those who want a poolside refreshment.

Spa Frangipani caters to both men and women, with Thalgo skincare and body rituals and massages from 25-80 mins. Don't miss the signature hot stone massage treatment.
