

L'Anmien Beach Resort - Vietnam

L'Anmien Beach Resort is the first luxury resort in Mui Ne, Phan Thiet, Vietnam, to join the Small Luxury Hotels of The World collection. Opened in early 2009, the property sits in serene tropical gardens directly facing the ocean, and is a perfect blend of Vietnamese aesthetics and contemporary design.

Travellers will certainly be impressed by L'Anmien Beach Resort's location bordering coastal sand dunes north-east of Ho Chi Minh City, but the highlight of the resort is the dedicated staff who create a tranquil haven where all details are attended to.

The lavish central building contains 70 guestrooms, all with a tropical rain shower and an immense tub. More private lodgings are found in 19 villas.

Guests can take part in a number of activities: travelling by boat to charming local islands or fishing villages; hiring a Jeep to explore the landscape; or challenging their golf skills at the 18-hole Sea Links Golf Country Club next door.

At mealtime, enjoy Vietnamese and Western cuisine in the relaxing surrounds of The Restaurant. A more formal option for a special occasion is the open-air Beach Restaurant, with its beautiful sunsets setting the mood for a romantic dinner. Observe the spectacular horizon with a glass of wine at the pool bar and finish your day at L'Anmien with a traditional therapeutic spa massage and, ultimately, a peaceful sleep, the poetic inspiration for the name of the resort.
