

## Malolo Island Resort - Fiji

Malolo Island Resort is an idyllic paradise escape from the stress of modern living. With golden sandy beaches, abundant coral reefs and azure seas, the rustic resort is perfect for families and couples alike who can fill their stay with a myriad of activities or simply unwind and do nothing at all.

Malolo Island is an intimate resort among the Mamanuca Islands, to the west of the larger Fijian islands and accessible from Nadi by boat or seaplane transfer. Voted Best Resort in Fiji for Families in the Trip Advisor Travelers Choice Awards 2010, the Malolo experience is about staying in *bure* near the beach, surrounded by the world's friendliest people. You will be served by the local villagers, whose ancestors have lived in the area for thousands of years. The staff will demonstrate true Fijian hospitality and share with you their rich and authentic living culture.

Spacious plantation style duplex accommodation is reminiscent of the colonial era, with high vaulted ceilings. 47 elegant, air-conditioned *bures* are set amongst lush tropical gardens and range across Oceanview, Deluxe Oceanview and Family categories. All Oceanview and Deluxe Oceanview *bures* have a king bed and two single beds, ideal for couples or a family of four.

Malolo Island Resort is owned by a local Fijian family and encourages its guests to reconnect with loved ones and friends. Your only distractions are the sounds of the coconut trees swaying and the ocean lapping the shore.

Visit Malolo and see the way the world should be.
