

## Nusa Dua Beach Hotel & Spa - Bali, Indonesia

The first hotel to grace Nusa Dua in 1983, Nusa Dua Beach Hotel & Spa has a wide range of luxury accommodation for families and honeymooners alike. All accommodation has a classical Balinese influence, be it artefacts, textiles or carved wooden furnishings, with views of gardens or ocean.

Nusa Dua Beach Hotel & Spa is a luxury yet family friendly beachfront resort. Highlights of the resort are the entertaining opportunities available for holidaying groups at its five restaurants and four bars which offer international, Western, Asian, and Balinese cuisine. A standout is Raja's Restaurant, which serves authentic Balinese cuisine in a royal setting and was winner of the 2008 Hospitality Asia Platinum Awards (HAPA) Gastronomic Experience - Asia Cuisine.

Treatments can be taken in the spa complex, by the beach, or in the guest room. Book in for an exotic body scrub blending native Balinese herbs, flowers and spices. Within the spa complex, the Sports Centre offers facilities including body works studio, weight works gym, glass back squash courts and basketball ring.

Kids can join the Gecko Kids Club. Located poolside, the fully air-conditioned room is set up for 3-12 year olds. Gecko runs education programs such as basic Indonesian language classes and an introduction to Balinese culture.

Nusa Dua Beach Hotel & Spa has no shortage of options for meetings and theme parties. With seven function rooms and one large outdoor theatre, hotel management can put together party concepts based on requests.
