

Paradise Bay Eco Escape - Whitsundays, Queensland

There's a reason why of all the Whitsundays treasures this one is called Paradise. Set in a shaded cove with exclusive helicopter transfers and personalized hosted service by friendly staff, there's simply no better place to be. All meals, alcohol with dinner, transfers and catamaran activities are included.

Paradise Bay Eco Escape is unique, offering a blend of eco and luxury, set in a brilliant contrast of sun-soaked beaches, crystal clear water and magical untouched wilderness. With only a maximum of 20 guests, you can enjoy the warm, friendly, personal service from the team providing a fully hosted experience... and with no kids, no day visitors, no mobile or internet access you can escape completely from the everyday pressures.

The all-inclusive tariff covers helicopter transfers and private yacht cruises on the island's catamaran exploring the coral gardens and deserted beaches of the Whitsunday Islands and Great Barrier Reef. Also included is buffet breakfast daily with your chef preparing a delicious hot dish every morning. Plus you'll enjoy a picnic lunch and sunset cocktails and canapés plus a superb three course meal with wines to match. There is a snack bar available 24 hours with freshly baked muffins and biscuits.

This environmentally sensitive lodge, tucked in a cove under towering hoop pines and palms, is designed to show off the Whitsundays' natural beauty with minimal impact on it. Solar power rules, so there is no air-conditioning, television or hairdryer use. Social life centres on an open-sided gazebo by the beach where communal dining happens each night. So after a day out cruising the Whitsundays you can relax and enjoy fine food and wine, with everything taken care of.
