

Park Hyatt Melbourne - Victoria

Park Hyatt Melbourne is found in the city's most historic area, bordered by century-old elm trees and overlooking the magnificent Treasury Gardens and St Patrick's Cathedral. Located conveniently at the top of Collins Street, Melbourne's retail and business hub, the hotel provides exceptional levels of personalised service in a prestigious setting.

Every corner of the hotel has been exquisitely designed with exceptional attention to detail to reflect the finest in contemporary luxury. The Murano glass sculptures in the marble layered foyers are complemented with flame mahogany paneling, and international art is prominent throughout the hotel.

The 240 beautifully appointed guestrooms, including 24 suites each with breathtaking views over the city, are styled with exquisite fabrics and furnishings, original artworks, Italian marble bathrooms with twin basins and oversized glass showers, and divine king beds.

The radii restaurant & bar, a Melbourne institution renowned for creative modern European cuisine that showcases the best in local and seasonal ingredients, is set over five levels of art deco-inspired architecture. The extensive wine list has been carefully crafted to match the restaurant's menus and be appreciated by the wine connoisseur.

The hotel's Park Club Health & Day Spa is a luxurious destination in itself, including a gym, indoor heated pool, spa, steam room, sauna, and expert beauty therapists offering exquisite Natura Bissé treatments for the face and body.

Park Hyatt Melbourne caters to leisure and business travellers. Exquisite dining, sophisticated ambiance, refined service - your ideal stay awaits at Melbourne's leading luxury hotel.
