

## Peppers on the Point - New Zealand

Guests can experience the rich culture and geothermal wonders of Rotorua or simply enjoy the tranquillity of the stunning lakeside location at Peppers on the Point. The grand home, with nine luxurious suites, provides first class service so that all guest needs are met without intruding on their privacy.

Three hours from Auckland, Peppers on the Point is one of New Zealand's premier lodges. The beautiful Lake Rotorua setting, on what was once a Maori Pa (village) site, is steeped in history and boasts panoramic views to Mokoia Island and beyond.

Guests can expect exquisite accommodation, exceptional food and wine, and indulgent spa treatments, in an atmosphere of complete relaxation and rejuvenation.

The charming two-storied lodge is a converted 1930's mansion with spacious entertaining rooms, open fireplaces, a timber-panelled dining room and a magnificent timber staircase.

The lodge features suites including two private cottage suites, as well as the owners' residence, The Lake Villa, and the two-bedroom Lake Villa Apartment, both available on application.

Fine dining is a specialty, with guests treated to sublime food and an extensive wine list in a selection of dining locations around the lodge. There is also in-room dining.

There are plenty of activities available on the expansive 2.8-hectare property, such as fly fishing on the lodge's private beach, water sports, boating, tennis, and therapeutic health and wellness treatments in the dedicated spa rooms. The lodge serves as an ideal base from which to explore the highlights of Rotorua.
