

Sukantara Cascade Resort & Spa - Thailand

Sukantara Cascade Resort & Spa evokes heavenly comparisons when guests share their treasured recollections of this luxury eco haven in Chiang Mai. The mountain property is less than two kilometres from the 700-metre high Tad-Mok Waterfall and all accommodation and facilities are next to or within walking distance of the resort's Tad-Yao waterfall.

The unique boutique property opened in 2004 in Mae Rim, in central Chiang Mai Province, and has been recognized as one of the five best waterfall resorts by respected UK newspaper, *The Independent*.

Sukantara Cascade Resort & Spa has accommodation across six room types with indigenous and Balinese design themes. Teak furniture, silk furnishings and high wood-beamed ceilings mark the décor's reverence for the magnificence of the region's royal Lanna style of the 13th to 18th centuries. The stunning rainforest is the backdrop of the Deluxe Lanna Cottage, Jacuzzi Lanna Cottage, Twin Lanna Cottage, Pool Villa, Deluxe Panorama and Suite Panorama, the latter two boasting superior views of the upper level of the waterfall.

The number of suites and villas is capped at 16 and privacy is further assured in the private outdoor Jacuzzi pools with their own waterfall scenes. Two Eco Tented Villas can bring you even closer to nature: these are safari-style dwellings with first class amenities like air-conditioning, bathroom with tub, refrigerator and a patio with bamboo furniture.

Be rejuvenated at the Chiida Spa, a serene hideaway amid soothing streams and cascades that is at the forefront of the spa industry in Chiang Mai, with highly skilled therapists who ensure world-class treatments.
