

## Taj Exotica Resort & Spa - Maldives

Taj Exotica Resort & Spa is located on the exotic Emboodhu Finolhu Island in the middle of one of the largest lagoons and covered with lush tropical flora. With fabulous and intimate design, eclectic culinary experiences, and impeccable service, the resort provides a new level of luxury. It doesn't get more private than this.

The resort's lagoon villas, built over the water, offer complete privacy with their own sundecks, with some that also come with a choice of sea or freshwater plunge pool. The pièce de résistance is the 450-square-metre Rehendi Suite featuring a glass bathroom with an endless view of the Indian Ocean, a freshwater infinity pool suspended over the lagoon with a private sundeck and two salas.

In-villa dining or a romantic dinner for two under the stars - dining is a Pan-Asian and progressive world cuisine adventure with the resort's two restaurants 24 Degrees and The Deep End.

An authentically Indian spa sanctuary is to be found at Jiva Grande Spa where wellness is viewed as a way of life. The Jiva Grande Spa includes a Yoga and Meditation Pavilion, and six over-water luxurious spa suites including couple suites.

Taj Exotica Resort & Spa was received a number of recent international awards and media mentions: the 2009 Best Leading Hotel of the World for Commitment to Quality & Excellence; Luxury Travel Magazine (Australia) Gold List 2010 Readers Awards for Best Overseas Resort; and one of the top eco luxury resorts in the Maldives in Condé Nast Traveler magazine (UK) January 2010.
