

The Havannah - Vanuatu

With its pleasant tropical climate, deserted beaches, pristine rainforests and accessible volcanoes, Vanuatu has long charmed visitors with its serenity and natural beauty. The Havannah is located on its most populous island, Efate, and allows you to embark on a journey of total relaxation.

The Havannah will immediately jettison the pressures and distractions of everyday life. After a warm arrival, your hosts will show you to your luxury designer bungalow sitting harmoniously in the breathtaking landscape, with the best that Vanuatu has to offer.

Spacious rooms feature a sumptuous king-sized bed, plunge pool, open-air bath, mini bar, flat screen television, and wireless Internet. Your bungalow is such a romantic escape you may never wish to leave your room.

The Havannah serves gourmet food wherever guests choose to dine - on the beach, the private jetty, at the Point Restaurant with its 270-degree water views, or in the privacy of their accommodation. Using the freshest local ingredients, particularly seafood, European-trained chef Olivier Cauchoix devises a menu to excite the taste buds, with the finest Australian, New Zealand and French wines as accompaniments.

Lie upon warm white sands, book an in-room massage or sip a cocktail in the lounge as you watch the sun set. The Havannah boasts a great range of outdoor activities and entertainment. From relaxing sports like kayaking and sailing to more adventurous trips such as deep sea fishing and snorkeling, guests leave with lasting memories of their unique stay in this corner of paradise.
