

The Laguna Resort & Spa - Bali, Indonesia

Nusa Dua's white sand and crystalline waters comprise the prime setting of The Laguna, a Luxury Collection Resort & Spa by Starwood Hotels & Resorts. Luxury sits in harmony with contemporary Balinese décor in 271 rooms and suites appointed with the latest in modern technology and overseen by a 24-hour butler service.

The Luxury Collection has more than 70 properties offering unique, authentic experiences that evoke treasured memories for the global explorer of the most desirable destinations. Each hotel combines the destination's indigenous charms and spectacular surrounds with magnificent design and impeccable service.

One of the world's finest hotels, The Laguna is guaranteed to exceed expectations of style and class. Rooms & suites, all with a private balcony, have amenities that include oversized corner bathtubs, 42-inch plasma satellite televisions, DVD players, broadband and Wi-Fi.

There are 5,000 square metres to swim in, across seven pools and lagoons, and guests receive complimentary use of the gym. Play tennis, lounge on a traditional Balinese gazebo or head to the Laguna Spa & Villa for a local herbal treatment.

A personal butler can unpack your luggage while you enjoy the daily high tea (also complimentary) in the elegant Mayang Sari Lounge and Library.

Savour Continental and Asian dishes in three restaurants helmed by new Chef de Cuisine Stephen Seckold, formerly of Flying Fish in Sydney and Fiji, and Gordon Ramsay's La Noisette in London.

For a very special celebration, you can book your own private island, Nusa Bagus.
