

## The Legian and The Club at the Legian - Bali, Indonesia

The Legian is an exclusive, all-suite hotel set amid gorgeous landscaped gardens with unobstructed views of the Indian Ocean. Guests can be cooled by the gentle breezes in its dining terrace or they can listen to the breaking surf while enjoying The Spa.

The Legian offers high-end luxury in suites and villas that evoke Balinese traditions of design and form and presents them in a contemporary manner. Just a short drive from the airport is a truly private haven along a stretch of sandy beach and the focus of the property is the sea, with the continual rhythm of waves rolling in on the secluded beach.

The Club is an elite enclave of immaculately furnished, contemporary villas on the same property as The Legian. The Club at The Legian offers an exclusive environment amidst the serenity of Bali's natural landscape. Each villa has the ultimate in personalized service - its own private butler - and comes with a private 10-metre swimming pool, lush garden, and Clubhouse facilities. Guests of The Club can also make use of the amenities at The Legian.

The elegant interiors and furnishings at these two properties have been created by Jaya Ibrahim, Indonesia's foremost interior designer.

Dining is a highlight and guests at The Restaurant can relish the exciting creations of Executive Chef Dorin Schuster, such as chilled gazpacho with watermelon and basil sorbet. Chef Schuster brings over 20 years of culinary expertise to the position, including postings at Iggy's at The Regent, Singapore.
